

WELCOME BACK JUSTIN!

I am excited to step into the role as the Executive Director at His House Christian Fellowship. His House has a deep place in my heart as it was through His House that I entered into ministry directly from college as the Lead Campus Minister at the University of Wisconsin Madison Campus in 2012. A few years later I met my wife, Rebecca, through relationships I had at a local church that I am now co-pastoring at in the Madison area. We have two wonderful children, Benjamin who is two, and Elizabeth who turns just three months in early November.

This new season has been rich with reconnecting with old staff members who were on staff while I was a campus minister, while also growing in the many new relationships with the staff members who were hired while I was away. We have an amazing team of both professional and frontline staff who have a deep heart for reaching college students with the gospel of Jesus. As

we face into this next year we are growing in our focus around what it is to not only just make disciples, but to equip disciples who are then able to go and make more disciples. We are excited for all that God has for us in this next year as we focus ourselves on Him and reaching His people. We invite you to pray for all of our staff as they face the real challenges of ministry, and we ask you to pray for all of the students across the state of Wisconsin and that the Kingdom of God would break through in each of their hearts. We are thankful that at His House we get to participate with God in answering that prayer through one student at a time.

It is a joy and an honor to be a part of His House in Wisconsin - I joined Aaron and Michelle on campus at UW-Oshkosh in September as a worship leader, and have the honor of living in the Go House near campus to bless & serve students that have a desire to grow in community. My own life was very much shaped by living in community with other people that longed to know Jesus more. (How he has changed me/us!) The relationships I had/have with other people committed to following, serving & worshipping him shaped the trajectory of my life - I love learning how to know & follow Him with others, (discipleship). I deeply long for all people (students) in Oshkosh, in Wisconsin, in America, and in all countries around the globe to know about the transforming, life-changing love of Christ, and I long to live it out each day.

I dig hammocking, swimming, singing, learning, writing, and cooking. I also love collecting rocks, bird watching, and finding really good movies.

I have three little sisters that live in Illinois, and a BABY NEPHEW due in December! 🥰
